BEFORE SUPREME COURT.  
[BY THE ASSOCIATED PRESS.—A.M.]  
WASHINGTON, March 12.—The appeal of E. H. Harriman and Otto H. Kahn, of the Northern Pacific railroad, on the hookworm case, will be heard. The case amounts to a dispute between the railroad and the government over the right to use the land for the purpose of raising hookworms. The government claims that the land is public property and that the railroad has no right to use it for such a purpose. The railroad claims that it has a right to use the land for such a purpose. The case is expected to be heard by the Supreme Court in the near future.

[SPECIAL CORRESPONDENCE OF THE TIMES.]  
MONROVIA, March 13.—At the hearing today before Justice J. B. Holloway of William R. Wyatt, charged with murderous assault on J. I. W. Fisher, the crowded courtroom presented a study in contrasts. Partisan-ship ran high in the frontiers and the range imploded with urban conventionality, less than a score of miles from Los Angeles. The federal retainers of Lucky Baldwin, himself a survivor of the rough old days, were there in force. Horse wranglers and cowboys in high-heeled boots jostled the dapper business men, and exchanged their convictions for his carious opinions.

District Attorney Appeared to Complain by Man Who Avers That He Has Been Swindled.  
Declaring that he had been swindled by his partner, who is the promoter of a patent liquor cure, George I. Taylor asked the District Attorney yesterday to issue a complaint against Frank E. Tuttle, charging him with obtaining money by fraudulent pretenses. Civil action has also been begun to secure the return of \$1000.

## JUDGE HITS BACK AT ANGRY GRAND JURY.

Makes Correction of Undeserved Criticisms of District Attorney a Part of the Record—Court Upholds Fredericks and Rebukes Jurors.

JUST at the last moment the grand jury "ran wild," and in consequence of a criticism of the office of the District Attorney as to matters outside their jurisdiction, the jurymen were not discharged when they made their report early in the week, but had to listen to a supplemental report by Judge Conroy yesterday before he released them.

This supplemental report, made a part of the grand jury's record, in the first proceeding of the kind ever undertaken by a judge in this county, and was listened to with the greatest interest by everyone present.

It was for the express purpose of making this supplemental report that Judge Conroy "held up" the findings of the grand jury. He did this because the jurors had commented upon the fact that no convictions had been found in the Ocean Park registration cases, and recommended the dismissal of those still indicted.

This was commented by the judge as a slap at the District Attorney, and in view of other criticisms the judge desired time to answer. This answer, in modern language rebukes the members of the grand jury and defends the procedure of the District Attorney.

MORE SECRECY.  
After dealing with the matters which they have had under their consideration for months the grand jurors add that the oath of secrecy placed on the officers and especially the process servers should not convey to witnesses information concerning cases in which they are subpoenaed. They also voice a criticism of the method of designating deputies for duty. Continuing, the report then says:

"In view of the fact that there has been so far no conviction in the Ocean Park registration cases, and that the cases which have been dismissed upon request of the District Attorney were among those which, from the evidence before the grand jury, seem to have been most certain of conviction, this jury now most cordially disclaims the duty to say that all the remaining cases of this kind be dismissed, thereby effecting a great saving to the county and a relief to the court."

These two cases referred to were those of Nagle and Lattimer, and the report quoted what Dist. Atty. Fredericks was reported to have said to Judge Conroy when the cases were dismissed. Judge Conroy answered this in a way which caused the jurors to look grim.

Finally the report states that "this grand jury feels that the wisdom and cases that have been presented for its consideration have been of a political nature, and that politics and personal relations may have interfered with the wheels of justice."

CORRECTS LANGUAGE.  
Judge Conroy, in his written address to the grand jury, and which was made a part of the report, speaks of their "splendid work," and then takes up the criticism in the Ocean Park registration cases, questioning what the report says as to the dismissal of the indictments. Judge Conroy proceeds:

"The language thus quoted in your report does not go to the heart of the confidence in the efficiency of this office. Therefore, I think you will agree with me that I could not rightly permit your report to become accessible to the public, without filing with it a statement of those facts which occurred in the presence of the court and were not set forth in your report."

Then Judge Conroy leads up to the statement made by Dist. Atty. Fredericks on the 2nd inst., when he made his motion for the dismissal of the indictments against Messrs. Nagle and Lattimer, and which seemed to have ruffled in the minds of some of the grand jurors. The judge proceeds to quote from the shorthand report made in court at the time, in which the District Attorney said:

"I have been ten years, practically, as a prosecutor, and I have never yet prosecuted any person, unless I felt that he was not only guilty, but morally guilty, and I don't intend to begin now. . . . These two men—Nagle and Lattimer—are acquainted with me or have said that they know of me, and they lived at one of the clubs here in the city, and in the summer of last year went down to Ocean Park and rented a cottage. They had business here in the city and went back and forth. They rented a cottage and they lived down there for about four months, up to and during the registration time, and until after the election."

"They knew in the Jonathan Club one room in which they kept their dresses and their extra clothes, and their trunks, so that they could change their clothes, and all the sort of thing—a sort of storage room. . . . Now, it may be that, technically, those men hadn't a right to be there, but I think that probably technically they hadn't. But there are more than technicalities in the enforcement of the criminal law. We have tried to try these cases now, and we see how jurors look at them, and I certainly don't think it is proper for us to put the county to the expense of trying the cases where we know there can be only one verdict, and that would be a verdict of not guilty, and we further know that there is very strong ground for believing that the defendant felt that he was not committing a crime."

CONFIDENCE OF COURT.  
After taking this occasion to correct the report of what the District Attorney said, Judge Conroy takes up his own statement to the jurors, and says:

"Without taking sides in any controversy between the grand jury and the District Attorney, it is my duty to say to you, after observing the conduct of the prosecution in several trials which have been held under these indictments, that the court finds in that conduct an ample reason to retain its confidence in the ability and integrity of the District Attorney and of his assistants who have been trying these cases."

"I also observe that in your final report, as above quoted, you recommend that, for the reasons given by you, the court should dismiss all other of the individuals presented by you for alleged wrongful registration in

Ocean Park voting precinct. The cases referred to by you are now beyond the jurisdiction of the grand jury as an official body.

The process of the law, concerning prosecutions instituted by means of indictment, do not present the cases in the same light at every stage. For example, let it be supposed that the grand jury is induced by some case that a large number of strangers have registered as voters in a certain precinct. An investigation follows, during which the jury become satisfied that illegal registrations have occurred. Twenty-five indictments, more or less, are presented. These indictments do not mean that the grand jury has found and adjudged that the defendants are guilty, and they do not raise a presumption of guilt that can be rebutted by the defendant in the trial of any defendant.

INTEREST AS CITIZENS.  
"Upon the presentation of the indictment, the grand jury does not, in the usual order of things, have any opportunity to follow the case any further, although it may deeply interest each juror as a citizen. From this point onward, each case lies between the State, represented by the District Attorney, and the defendant, represented by his counsel, and each case has to be tried separately, ignoring completely the fact that there are other defendants similarly accused."

"It would be an evil thing for the community to have you go out thinking and saying that you have wasted your time in this business of the court, because perhaps you are indicted by you have not been convicted and punished. No matter what may be the result in those cases, it will still be a duty to you as citizens to make an important contribution to the cause of good government, in which we all believe, and in which every good man wants to be enlisted."

"The criminal prosecutions it is true, as it is in other affairs, that 'two wrongs never make a right.' This old saying contains the essence of civility. The duty of a State's attorney in each case includes an obligation to give the defendant all of his rights that the great saving to the county and a relief to the court."

United Company Will Have Office at San Diego Open Tonight, Adding Much to Service.

By this evening the United Wireless Telegraph Company will have a fully equipped station in operation at San Diego. H. L. Blackney, who has charge of the Southern California stations, has sent F. O. Edwards down to take charge of the plant and last night he received a message saying that the work of installation is all but completed.

With the new station in operation the company will have a complete system at both Point Loma and San Diego and will be in a position to catch all of the wireless messages which are sent out by vessels within range and messengers can then be relayed to the Los Angeles receiving station on the Huntington building.

Messages from the local station said last night that the system is working most satisfactorily, and that messages are being received without delay by vessels within range. The San Diego station, however, will mean a decided increase in the scope of the plant.

## FOUNDED TOWN OF BUENA PARK.

DEATH OF VENERABLE CITIZEN,  
JAMES A. WHITAKER.

Was Successful Wholesale Merchant in Chicago Before Coming to California—Did Much for the Development of Orange County—Later Years Passed in Los Angeles.

At the advanced age of 81 years, active and full of business almost to the last, James A. Whitaker, the founder of Buena Park and well known in Southern California, died yesterday morning at his home in Highland Park, No. 123 West Avenue.

Mr. Whitaker was one of the up-builders of Orange county. He came to this part of the country from Chicago in 1885 and engaged in stock-raising. On the advent of the Santa Fe system in what is now Buena Park, a flourishing little town, he was encouraged by the railroad officials and laid out the village, plating for the purpose a large part of his original purchase. From that time till advancing years compelled him to make a change, his name was inseparably connected with the growth and advancement of the town and with land and farming in Orange county. Every enterprise received his assistance.

Among these may be mentioned the condensed milk company, of which he was one of the original promoters—now a great industry employing many people and sending its product all over the world. His foresight in developing that region brought into it many large investors, among them the late Andrew McNally. A few years ago Mr. Whitaker came to Los Angeles and went into real estate.

Mr. Whitaker was born in Otego county, New York, April 8, 1827, a son of James T. and Prudence (Styler) Whitaker. The grandfather, Maj. Thomas Whitaker, was a soldier in the Revolutionary Army. James A. Whitaker early entered into mercantile life and embarked in business in Newark, Ct., as member of the firm of Whitaker & Price. After eight years of profitable trading, the firm dissolved. It started with a borrowed capital of \$500 and at the wind-up each member had \$500 cash. In 1853 Whitaker came to California and entered the firm of Whitaker Bros., in the wholesale grocery business. Later he was one of the firm of Loomis & Whitaker which conducted business very lucratively for two years, when the Loomis brothers withdrew their interest. Subsequently the business was merged into the concern of Whitaker, Harmon & Co. composed of Isaac N. Harmon, Col. John Messer, Franklin McVeigh and Mr. Whitaker. On the death of Col. Messer, Mr. Whitaker became a sole partner of Franklin McVeigh & Co., composed of Franklin McVeigh, Wayne McVeigh, (Secretary of War under President Garfield), himself. This firm did a very large and profitable business for several years.

Mr. Whitaker not only achieved business success, but he won a high place in the esteem of those who knew him and always exercised a prestige in the community in which he lived. Orphaned by his father's death when but a child, and unable to secure any educational advantages save such as the Cherry Valley Academy afforded, he rapidly forced to the front in the commercial world and lived a life of great usefulness to his fellow-men, leaving a name honored and a reputation to be envied. He was the soul of integrity, generous to a fault, always ready to aid in pure and hard every worthy cause, and he put many a struggling man on his feet. He was a steadfast adherent of the church and helped build more than one house of worship in California and Chicago.

He was a staunch Republican and served the Orange County Republican Central Committee. He had been in failing health for the past year, but attended to his affairs until a few months ago. He married Mrs. Ella A. Foster in Chicago, and his devoted wife survives him.

The funeral will be held at the residence this afternoon at 1 o'clock.

Mr. Whitaker not only achieved business success, but he won a high place in the esteem of those who knew him and always exercised a prestige in the community in which he lived. Orphaned by his father's death when but a child, and unable to secure any educational advantages save such as the Cherry Valley Academy afforded, he rapidly forced to the front in the commercial world and lived a life of great usefulness to his fellow-men, leaving a name honored and a reputation to be envied. He was the soul of integrity, generous to a fault, always ready to aid in pure and hard every worthy cause, and he put many a struggling man on his feet. He was a steadfast adherent of the church and helped build more than one house of worship in California and Chicago.

He was a staunch Republican and served the Orange County Republican Central Committee. He had been in failing health for the past year, but attended to his affairs until a few months ago. He married Mrs. Ella A. Foster in Chicago, and his devoted wife survives him.

The funeral will be held at the residence this afternoon at 1 o'clock.

James A. Whitaker.

county, New York, April 8, 1827, a son of James T. and Prudence (Styler) Whitaker. The grandfather, Maj. Thomas Whitaker, was a soldier in the Revolutionary Army. James A. Whitaker early entered into mercantile life and embarked in business in Newark, Ct., as member of the firm of Whitaker & Price. After eight years of profitable trading, the firm dissolved. It started with a borrowed capital of \$500 and at the wind-up each member had \$500 cash. In 1853 Whitaker came to California and entered the firm of Whitaker Bros., in the wholesale grocery business. Later he was one of the firm of Loomis & Whitaker which conducted business very lucratively for two years, when the Loomis brothers withdrew their interest. Subsequently the business was merged into the concern of Whitaker, Harmon & Co. composed of Isaac N. Harmon, Col. John Messer, Franklin McVeigh and Mr. Whitaker. On the death of Col. Messer, Mr. Whitaker became a sole partner of Franklin McVeigh & Co., composed of Franklin McVeigh, Wayne McVeigh, (Secretary of War under President Garfield), himself. This firm did a very large and profitable business for several years.

Mr. Whitaker not only achieved business success, but he won a high place in the esteem of those who knew him and always exercised a prestige in the community in which he lived. Orphaned by his father's death when but a child, and unable to secure any educational advantages save such as the Cherry Valley Academy afforded, he rapidly forced to the front in the commercial world and lived a life of great usefulness to his fellow-men, leaving a name honored and a reputation to be envied. He was the soul of integrity, generous to a fault, always ready to aid in pure and hard every worthy cause, and he put many a struggling man on his feet. He was a steadfast adherent of the church and helped build more than one house of worship in California and Chicago.

He was a staunch Republican and served the Orange County Republican Central Committee. He had been in failing health for the past year, but attended to his affairs until a few months ago. He married Mrs. Ella A. Foster in Chicago, and his devoted wife survives him.

The funeral will be held at the residence this afternoon at 1 o'clock.

## NEWS AND BUSINESS.

## Going Together.

All members of Branch No. 1 of the Army and Navy Republican League of California will assemble at No. 517 South Broadway at 7 o'clock this evening for the purpose of marching in a body to the opening meeting of the Republican League of Los Angeles county.

## Fancy Costume Dance.

Fraternity Rebekah Lodge will give a costume dance on Saturday, Tuesday evening next, in Odd Fellows Hall, No. 229 1-3 South Main street. Prizes will be awarded for the most unique costume and an entertaining program will be followed by dancing and refreshments.

## Seeksper's Busy.

The eighteenth annual meeting of the California Seeksper Association was held in the Chamber of Commerce building, yesterday. L. L. Andrews of Corona, president and E. A. Stoner of Orange was secretary. Various subjects appertaining to heralding were discussed and papers were read. The session will be concluded today.

## Battery D Reunion.

Preparations are being made for a reunion and banquet of all members of Battery D, California Heavy Artillery, Capt. Steer commanding, which will be held May 9, the tenth anniversary of the mustering in of the members. Frank G. Henderson, No. 588 Linsler building, requests names and addresses of members, that they may be notified of the plans.

## Gaudy Yumas Here.

A band of picturesque Yuma Indians visited the Federal building yesterday, to tell the government officers what they knew about José Cervantes, who is in the County Jail on a charge of selling liquor to reservation Indians. Several of the boys were attired in brilliant colors and wore red handkerchiefs tightly bound about their heads. A line of hats and scarves accompanied the band as an interpreter.

## Daughters of Veterans.

The second meeting in the interest of organizing the Daughters of Veterans in Los Angeles will be held in the office of Dr. Case, No. 415 1-3 South Spring street, at 7:30 o'clock this evening. The organization is seventeen years old and is made up of the daughters of veterans of the Civil War from 1861 to 1865, are eligible of membership, and are requested to attend the meeting.

## Mayor Leads the Choir.

Because he was able to sing "Tammara" in a manner satisfactory to its music committee, Mayor Fletcher received an honorary membership last night in the Arion Singing Society. "They said I could sing to beat the Dutch," is the way he explained his new honors. Forty members of the society called on the Mayor at his home to help him celebrate his birthday anniversary. They presented him with a handsome gold badge of membership.

## Marshutz Moves to Broadway.

With the rapid increase of business, the Marshutz Optical Company was compelled to leave Spring street, to their new quarters at No. 553 South Broadway. This store, which was especially constructed for them, with its handsome plate-glass and copper work windows, beautiful mahogany fixtures, make it one of the best-appointed optical stores in the city. One side of the store is given to optical goods and ear instruments the other to photographic supplies. At the rear are rooms for fitting and testing and adjusting eyeglasses; upstairs is the factory and developing-room.

## Murphy Mass Meeting.

The mass meeting in Temple Auditorium on Sunday afternoon, to give recognition to the successful work of William Murphy, will be under the auspices of the Church Federation. F. Mulford will preside and the speakers will be Dr. Hugh K. Walker, A. J. Wallace, Rev. A. C. Smith, D. L. Lutter and Mr. Murphy. Bruce Gordon Kingsley will play the great organ and Mrs. Bertha Vaughan and Francis Murphy, Jr., will sing. There is no charge whatever for this meeting and the public is cordially invited to attend. In the evening, the usual meeting will be held in Flanahan Hall, when Mr. Murphy will speak. The soloist will be young Francis Murphy, and Mrs. Wayland Trank and Howard H. Stone will sing duet.

## TO CLEAR NAME OF AVERBUCH.

## JANE ADDAMS AND RICH SOCIETY WOMEN START INQUIRY.

Friends of Alleged Anarchist, Killed by Chief Shipley, Declare He Was Unarmed When Shot. Victim of Plot, and Settlement Workers Hire Lawyer to Investigate.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 12.—[Exclusive Dispatch.] An organized effort to clear the name of Lazarus Averbuch, the alleged anarchist, shot and killed by Chief of Police Shipley on March 2, is being made by the most prominent settlement workers in Chicago.

At the head of the movement is Miss Jane Addams, of Hull House, Mrs. Raymond Robins, Mrs. Joseph T. Bowen, Miss Sophia Breckenridge, Miss Mary Field and eight other women of wealth and prominence in settlement work.

The friends of Averbuch claim that he was the victim of a police plot; that he went to the Chief's house unarmed. The revolver and knife the friends of Averbuch assert, were placed upon his body after he was dead.

The settlement workers, headed by Jane Addams, think enough of the mystery to spend money to have it investigated. Accordingly, they have raised funds and employed the law firm headed by John Maynard Harlan, son of Justice Harlan of the United States Supreme Court, to take charge of the investigation. The body of Averbuch was secretly disinterred last evening, and an autopsy held by Dr. Ludwig Hektoen, of Rush Medical College. The facts learned by the pathologists have not yet been made public.

Emma Goldman, "Queen of the Anarchists," declared today that the sum of \$100,000 had been raised to defray the expense of an investigation. It is believed this is mere talk, for as far as known neither Emma Goldman nor any person identified with any of the anarchist groups in the city have even been consulted in the matter.

Prince of Monaco Will Break Rule Regarding Visit of Royalty to Rome.

[BY DIRECT WIRE TO THE TIMES.]

ROME, March 12.—[Exclusive Dispatch.] The Prince of Monaco is determined to defy the rule established by the Vatican that a rupture of diplomatic relations is inevitable whenever Catholic sovereigns visit Rome. The Prince, unheeding the Pope's warning, intends coming to this city March 12, to give a lecture on Oceanography, and to attend the funeral of a friend.

The Vatican fears the visit may constitute a precedent which will be followed by other sovereigns, and hence it is striving to prevent it.

Supposedly Insane Man, Armed With Revolver, Creates Disturbance in Chicago.

[BY THE ASSOCIATED PRESS.—A.M.]

CHICAGO, March 12.—A man giving the name of Wandum and who is believed to be insane caused a disturbance today in St. Elizabeth's Roman Catholic Church at Forty-first street and Washington avenue. When requested by the janitor to remove his hat, he declined, saying: "This is a free country and I can do as I please." He then began firing a revolver at the altar and the choir.

## JUDGE HITS BACK AT ANGRY GRAND JURY.

Makes Correction of Undeserved Criticisms of District Attorney a Part of the Record—Court Upholds Fredericks and Rebukes Jurors.

JUST at the last moment the grand jury "ran wild," and in consequence of a criticism of the office of the District Attorney as to matters outside their jurisdiction, the jurymen were not discharged when they made their report early in the week, but had to listen to a supplemental report by Judge Conrey yesterday before he released them.

This supplemental report, made a part of the grand jury's record, in the first proceeding of the kind ever undertaken by a judge in this county, and was listened to with the greatest interest by everyone present.

It was for the express purpose of making this supplemental report that Judge Conrey "held up" the findings of the grand jury. He did this because the jurors had commented upon the fact that no convictions had been found in the Ocean Park registration cases, and recommended the dismissal of those cases.

This was considered by the judge as a slap at the District Attorney, and in view of other criticisms the judge desired to answer. The supplemental report in moderate language rebuked the members of the grand jury and defended the procedure of the District Attorney.

AFTER DEALING with the matters which they have had under their consideration for months the grand jurors add that the oath of secrecy placed on the jury should be better observed by the officers and especially that process servers should not convey to witnesses information concerning cases in which they are subpoenaed. They also voiced a criticism of the method of assigning deputies for duty. Continuing, the report they said:

"In view of the fact that there has been so far no conviction in the Ocean Park registration cases, and that the cases which have been dismissed upon request of the District Attorney were among those which, from the evidence before the grand jury, seemed the most certain of conviction, this jury now recommends that all the remaining cases of this kind be dismissed, thereby effecting a great saving to the county and a relief to the court."

These two cases referred to were those of Nabl and Lattimer, and the District Attorney, whether by accident or design, reported to have said to Judge Conrey when the cases were dismissed: "Judge Conrey, I am sure, in a way which caused the jurymen to look grim."

But the report states that "this grand jury feels that the jurymen of the grand jury have been presented for their consideration have been of a political nature, and that politics and party relations may have interfered with the wheels of justice."

CORRECTS LANGUAGE. Judge Conrey, in his written address to the grand jury, and which was made a part of the report, speaks of their "splendid work," and then takes up the criticism in the Ocean Park registration cases, and states that the jurymen should be more careful in their language. Judge Conrey proceeds:

"The language thus quoted in your report does not commend itself to me, and done in this court on the dismissal of those cases. Your criticism of the District Attorney, whether by accident or design, reported to have said to Judge Conrey when the cases were dismissed: 'Judge Conrey, I am sure, in a way which caused the jurymen to look grim.'"

Then Judge Conrey leads up to the statement made by Dist. Atty. Fredericks on the 23d inst., when he made his motion for the dismissal of the indictments against Messrs. Nagle and Lattimer, and which seemed to have ranked in the minds of some of the grand jurors. The judge proceeds to quote from the shorthand report made in court at the time, in which the District Attorney said:

"I have been ten years, practically, as a prosecutor, and I have never yet prosecuted any person unless I felt that he was not only technically but morally guilty, and I don't intend to begin now. . . . These two men—neither one of whom I am acquainted with or ever saw that I know of—were single men, who lived at one of the clubs here in the city, and in the summer of last year went down to Ocean Park and rented a cottage. They had business here in the city and went back and forth. They rented a cottage and they lived down there for about four months, up to and during the registration time, and until after the election. They kept none in the cottage, both inside and out, but adds that it is a question whether, if more attention were paid to teaching trades to the boys and less to farming, greater benefit would not accrue to the boys themselves, as well as to the community at large."

The County Hospital management is said to be a failure, but recent upon the fact that the old building could not be entirely done away with.

Regarding the Whittier State School, "They kept none in the cottage, both inside and out, but adds that it is a question whether, if more attention were paid to teaching trades to the boys and less to farming, greater benefit would not accrue to the boys themselves, as well as to the community at large."

The Detention Home is found clean and in good shape, but a recommendation is made for better accommodation for outdoor life, and playground.

JAIL CONTRAST. Under the heading of "Jails," the report says: "We believe our County Jail is a model institution, and would compare favorably with any institution of its kind in the country. It is a credit to the county, and the humane and business-like manner in which it is conducted reflects great credit upon Sheriff Hammel. It would repay our citizens to visit this public institution."

"The City Jail is in a deplorable condition. We must acknowledge, however, that the Chief of Police and his subordinates are doing the best they can, considering the conditions under which they are working. The City Jail was too small, poorly planned and poorly built, even for a city of 50,000 people, and, together, with population of 200,000, it is decidedly inadequate."

As a result of an interview with the City Council, temporary improvements have been made, but these are not sufficient to meet the demands.

"This condition has prevailed for the past nine months, and we can but feel that a large part of the responsibility for this state of affairs rests upon the City Council. They have known of the overcrowded and unsanitary conditions for some time."

CONFIDENCE OF COURT. After taking this occasion to correct the report of what the District Attorney said, Judge Conrey takes up his own statement to the jurymen, and says:

"Without taking sides in any controversy between the grand jury and the District Attorney, it is my duty to say to you, after observing the conduct of the prosecution in several trials which have been held under these indictments, that the court finds in that conduct an ample reason to state its confidence in the ability and integrity of purpose of the District Attorney and of his assistants who have been trying these cases."

"I also observe that in your final report, as above quoted, you recommend that, for the reasons given by you, the court shall dismiss all other of the indictments presented by you for alleged wrongful registration in

## NEW WIRELESS STATION.

United Company Will Have Office at San Diego Open Tonight, Adding Much to Service.

By this evening the United Wireless Telegraph Company will have a fully equipped station in operation at San Diego. H. L. Bleakney, who has charge of the Southern California stations, has sent F. O. Edwards down to take charge of the plant and last night he received a message saying that the work of installation is all but completed.

With the new station in operation the company will have a complete system at both Point Loma and San Diego and will be in a position to catch all of the wireless messages which are sent out by vessels within range. These messages can then be relayed to the Los Angeles receiving station on the Huntington building.

Manager Bleakney of the local station said last night that the system is working most satisfactorily, and that messages are being received without hindrance. The completion of the San Diego station, however, will mean a decided increase in the scope of the plant.

## FOUNDED TOWN OF BUENA PARK.

DEATH OF VENERABLE CITIZEN, JAMES A. WHITAKER.

Was Successful Wholesale Merchant in Chicago Before Coming to California—Did Much for the Development of Orange County—Later Years Passed in Los Angeles.

At the advanced age of 81 years, active and full of business almost to the last, James A. Whitaker, the founder of Buena Park and well known in Southern California, died yesterday morning at his home in Highland Park, No. 123 West Avenue 57.

Mr. Whitaker was one of the up-builders of Orange county. He came to this part of the country from Chicago in 1885 and engaged in stock raising. One of the first things he did was to build a milk company, of which he was one of the original promoters—now a great industry employing many people and sending its product all over the world.

## PINNED UNDER AUTO WRECK.

Collector of San Bernardino May Die of Hurts.

Four Victims of Accident in Antelope Valley.

Special Train Brings Them Here for Treatment.

L. I. Coy, Tax Collector of San Bernardino county, was injured, probably fatally, and three of his companions were painfully hurt in an automobile wreck yesterday afternoon in Antelope Valley.

The automobile in which the party was traveling to Bakersfield capsized when the front springs collapsed. The heavy machine landed on Coy's breast, crushing it and causing internal injuries from which death may result at any moment.

Coy was taken to Lancaster and later was brought to Los Angeles on a special train. His companions of the party were also injured.

L. I. Coy, seriously injured victim of Antelope Valley automobile accident.

auto trip were J. R. Neff, a real estate man of San Bernardino; J. P. Gorcham, a tourist from Iowa, and John D. Gentry, a San Bernardino chauffeur, together with C. E. Jones, a Lancaster newspaper man.

Coy was hurried to the Good Samaritan Hospital, a companion was sent to the Natlek House where their injuries were attended by the house physician.

The accident occurred on the Lancaster road, nine miles west of Lancaster. The automobile, according to the statements of the passengers, was traveling not to exceed fifteen miles an hour. Gentry, the chauffeur, an experienced man, was the wheel and Coy was beside him. Without warning of any kind, the forward springs in the right hand side of the car gave way. The front wheels slipped back under the body of the machine and the momentum of the car caused it to turn completely over, landing insecurely on its wheels.

Coy was pinned under the auto as it fell. The shock was so great that Gentry, the driver, was hurled bodily through the heavy plate glass wind shield across the front of the car. So rapid was his flight that he escaped with a small laceration on his hand. He landed on his shoulder, the soft road preventing any serious injury.

Neff and Gorcham, who were riding in the tonneau, were lifted high in the air and hurled clear of the wreckage. They landed at the side of the road. Gentry was the first to regain his footing. With his head in a blur from the hard fall he groped his way through the dust and debris of the wrecked machinery until at last they found Coy pinned under the body of the machine.

Gentry at last started on foot for Lancaster, nine miles away. He had gone about a mile when he met J. B. McLaughlin, assistant chief engineer of the Los Angeles aqueduct. Lighter and more agile than the injured man, Gentry was in an auto with his wife. When he heard of the wreck he put Gentry in his car and dashed toward the place of the accident. He found Coy unconscious and his companions sitting beside him. The injured men were put in the car and a quick run was made for Lancaster.

GET SPECIAL TRAIN. A special train was ordered from the Southern Pacific as no regular train for Los Angeles was due until this morning.

The druggist at Lancaster had gone out into the Antelope Valley to make a call to the bedside of a sick man, and C. E. Jones, editor of the Lancaster Ledger, volunteered to make the trip with the injured man.

The special engine and cabooses—pulled along at fifteen miles an hour for the greater part of the way, and only the constant efforts of Mr. Jones finally secured greater speed. The train pulled into River Station at 10:30 o'clock last night. It was met there by Coy's daughter and son, who had been notified by telegram of the accident, and who hurried to Los Angeles from San Bernardino.

"My father left San Bernardino Thursday afternoon," said Miss Coy last night. "He intended to take the automobile trip to Bakersfield. He had bought some property up in that country, and went to look at more with a view to making a purchase for one of his friends in the East. Mr. Neff, a real estate man of San Bernardino, took the party in his automobile. The

The funeral will be held at the residence this afternoon at 1 o'clock.

## GASOLINE CAR ON WAY.

First of New Type for Use on Railroad Lines to Reach Here Soon Under Its Own Power.

The first of the latest type of gasoline motor car to come to the Pacific Coast for use on railroad lines will reach here within a few days, under its own power, by the Salt Lake route. The car left Omaha on the 18th inst., and yesterday was reported nearing Ogden, probably to be delivered to the Clark road at Salt Lake City today.

Upon its arrival here the car will be transferred to the Santa Fe and will continue over that line to its destination—San Diego—where it will go into service on the National City and Otay Railroad.

The movement of the car is watched with intense interest by local railroad men, as its successful operation is expected to give a pretty good indication of the utility of such equipment. It will be but a short time before a large consignment of gasoline motor cars will be received here for use on the various branch lines of the Southern Pacific—a revolutionary move, of big meaning in the operation of lines at present operated by steam.

REMARKABLE SHADOW. Parents Believe Face of Deceased Daughter Has Actually Been Made to Appear on Tomb.

Shadow-faces are common enough, formed by a combination of natural objects and the often inexplicable shadows cast by the sun, moon, and stars. Mrs. Fred Harris has one of the most remarkable examples of it, for the reason that the face looks like that of their deceased daughter.

Mr. and Mrs. Harris are from St. Louis, where he is a brass manufacturer. Their daughter, Mrs. Jeannette Phillips of Los Angeles, was taken ill in December of last year, at her home in this city, and after lying in a state of coma for eight days, died on December 27.

Owing to a serious accident to Mrs. Harris, the bereaved father and mother were unable to attend the funeral, but they telegraphed abundant means for her burial in the Jewish Cemetery, Betsa Israel, and last month came in person to see a suitable shaft placed at her tomb.

When about to unveil the shaft a few days ago, in the presence of several friends, Mr. Harris and another gentleman, standing at the head of the grave, turned to look toward the corner of the shaft, where the shadow of the mother was seen. Mrs. Harris, who was standing at the head of the grave, turned to look toward the corner of the shaft, where the shadow of the mother was seen. Mrs. Harris, who was standing at the head of the grave, turned to look toward the corner of the shaft, where the shadow of the mother was seen.

The sun came almost directly down, and the shaft shadow made by the black clothing of J. P. Gorcham, the highly-polished base to reflect like a mirror some of the flowers. The shadows in combination with the corner of the marble base, photographing as a perfect human face. The strange feature of it is that Mr. and Mrs. Harris, who are not actors, are actually that of their daughter, who has buried in the grave. They are not satisfied to accept the theory that it is a mere coincidence that the shadow reproduces the features of their daughter, but seem to feel that some supernatural power has actually caused the face to appear.

The photographs are guarded with the greatest care, and the film from which the original print was made is safely deposited with Mrs. Harris' most sacred mementos, and she refuses to let it go out of her hands. She said to Francis, a photographer, that she had made the photographs at the same time, but after the men had moved away and the sun had changed the shadows, of course give no hint of a face on the marble.

MAKE SUGAR FROM WOOD. Chewing of Toothpick Suggested It and San Jose Manufacturer Tells of His Success.

"Sugar manufactured from wood is not now only possible, but is being made and put on the market," said Dr. D. P. McGraw, head of the Wayne-McGraw Sugar Manufacturing Co., of San Jose, who is at the Westminister. "A few months ago, when we stated such a process of manufacture would become practical, many scoffed. That sugar could be taken from forest trees, bark, and other solid materials seemed impossible. Today our company has an office in San Francisco, a plant at San Jose, and in time we shall extend our interests to Southern California."

"We produce large quantities of this sugar to candy makers, wholesale dealers and others who handle the sweet stuff. There is no adulteration or impurity about it. According to analysis, it is 99.9 per cent. pure. It is the sweetest sugar ever tasted. It answers every purpose that sugar is used for. It is white, granulated, and has the best sugar 'beaten' in many respects."

Dr. McGraw said the sugar is drawn by electricity from wood and other solid materials. Electricity also is used in dissolving the vapor, and in the churning process, and in separating the substance. He said the idea of making sugar from these materials originated with the man who chewed toothpicks, and so wood splinters. There was a sweet taste noticeable and the proper application of electricity brought out this quality.

"In appearance and taste," said Dr. McGraw, "the manufactured sugar is not unlike that made from sugar cane or the beet. In time the manufacturing process may be so perfected that 'wood sugar' will be the leading kind on the market. The materials, pulp, bark and woody matters, would not be available in immense quantities, however."

NEW JOB FOR FLEMING. Former City Prosecutor May Return to Good Place in Office of the District Attorney.

Dist. Atty. Fredericks has offered an important deputyship in his office to E. J. Fleming, who served for a year as City Prosecutor, only to be thrown out by the courts, and who recently has been tendered the same place, now within the gift of City Attorney Hewitt.

Fleming, it is said, has decided to return to the office of the District Attorney, with which he was associated before the new place in connection with the local Police Courts was created.

He made an excellent record as City Prosecutor and it was principally on this account that the City Attorney offered to keep him in that place.

Now it seems certain that he has turned down the offer.

## Men's Wearables

A little talk today regarding articles of particular interest to particular men.  
Traveling season is almost here—we've a full leather suit case for as little as five dollars—a beauty, too. Others at higher prices.  
And for women's use we strongly recommend matt suit cases—popular because of their light weight—\$2.50 to \$4.50.

In madras shirts there's a newly-arrived shipment in neat black and white patterns; best shirt value we know of at a dollar apiece.  
Men's negligee shirts, with collars and cuffs attached, are here, too, in white, tan or gray shades; splendid at \$1.50.

We've a particularly good line of fancy half hose, that combine splendid wear with handsome appearance; 60c. Men's knit four-in-hands—the newest in neckwear—25 cents.

## Special Sale of Bags

New styles, good leathers, but marked surprisingly low, because we secured them at correspondingly low figures:

Bags included from \$5 to \$20, now \$4.00 to \$15, with all intermediate price steps.  
And if you want a still less expensive bag, look at the line of real seal leather hand bags of \$4 value, for \$2; or at the smart novelty bags for which we usually get \$2, at \$1.00.

Seventy-five cents for small sizes in black, white, tan or champagne colored long silk gloves—12 and 14, button lengths—regular \$1.50 and \$1.75 grades.  
Seventy-five cents for colored or black and white Mocha, suede and real kid gloves in short lengths—two and three class styles; small sizes; \$1.75 to \$2.25 grades.

Can you wear a small glove? If so, we'll pay you liberally to select from these small-sized short kid and long silk gloves today:

Seventy-five cents for small sizes in black, white, tan or champagne colored long silk gloves—12 and 14, button lengths—regular \$1.50 and \$1.75 grades.  
Seventy-five cents for colored or black and white Mocha, suede and real kid gloves in short lengths—two and three class styles; small sizes; \$1.75 to \$2.25 grades.

## BEATEN METAL

Artistically hand hammered ware is useful and ornamental for the parlor, library, dining room and den.  
Taste and refinement suggest this ware where beauty and utility are desired in combination.

We are showing Chafing Dishes, Flagon, Casseroles, Egg boilers, Ramekins, etc., Desk Sittings, Bronze and Copper statuary, together with small, useful and pleasing "handies," such as Match holders, Ash trays, Card trays, etc.

### Men's Wearables

A little talk today regarding articles of particular interest to particular men.

Traveling season is almost here—we've a full leather suit case for as little as five dollars—a beauty, too. Others at higher prices.

And for women's use we strongly recommend matt suit cases—popular because of their light weight—\$3.50 to \$4.50.

In madras shirts there's a newly-arrived shipment in neat black and white patterns; best shirt value we know of at a dollar apiece.

Men's negligee shirts, with collars and cuffs attached, are here, too, in white, tan or gray shades; splendid at \$1.50.

We've a particularly good line of fancy half hose, that combine splendid wear with handsome appearance; 50c. Men's knit four-in-hands—the newest in neckwear—25 cents.

### Silk Savings

After today the black silks told of at reduced prices during the last week, will go back to normal prices. Might just as well save by selecting today what you're sure to need soon, if not immediately.

Taffetas, peau de soie and peau de cygne in widths from 19 to 36 inches, and values from 75c to \$2.25, are now buyable at 60c to \$1.25 a yard—all good qualities, of course.

**Specials for Saturday**

27-inch natural Chetle pongee; regular \$1.50, grade for \$1.00  
27-inch natural sultana pongee; regular \$1.75, grade for \$1.25  
36-inch Motorette silk; regular \$2.50, grade for \$2.25

### Special Sale of Bags

New styles, good leathers, but marked surprisingly low, because we secured them at correspondingly low figures:

Bags included from \$5 to \$20, now \$4.50 to \$15, with all intermediate price steps.

And if you want a still less expensive bag, look at the line of real seal leather hand bags of \$4 value, for \$2; or at the smart novelty bags for which we usually get \$2, at \$1.00.

### Gloves Worth to \$2.25 for 75c

Can you wear a small glove? If so, we'll pay you liberally to select from these small-sized short kid and long silk gloves today:

Seventy-five cents for small sizes in black, white, tan or champagne colored long silk gloves—12 and 16 button lengths—regular \$1.50 and \$1.75 grades.

Seventy-five cents for colored or black and white kid gloves, suede and real kid gloves in short lengths—two and three-finger styles; small sizes; \$1.75 to \$2.25 grades.

### \$6.50 Plaid Silk Waists \$5

The under-the-usual price is due simply to the fact that the size range is broken—though we can fit nearly everyone in one shade or another.

Pretty Shepherd checks and plaids in black and white or colors; styles with finely tucked yokes, the new long shoulder, long or short sleeves and neat collars. Very good \$6.50 values—they're veritable "finds" at \$5.00.

**BEATEN METAL**

Artistically hand hammered ware is useful and ornamental for the parlor, library, dining-room and den.

Taste and refinement suggest this ware where beauty and utility are desired in combination.

We are showing Chafing Dishes, Flanges, Casseroles, Egg boilers, Ramekin sets, Desk fittings, Bronze and Copper statuary, together with small, useful and pleasing "handies," such as Match holders, Ash trays, Card trays, etc.

A delightful half hour may be spent inspecting this complete and artistic display.

## Los Angeles County Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WITHOUT LITIGATION.  
AND OLD FIGHT  
FOR HER ESTATE.PASADENA DOCTOR'S CLAIM IS  
SETTLED OUT OF COURT.

Amounting to Fifty Thousand Dollars for Schoolhouses and Improvements in Various Parts of the City Are Carried by Large Majority.

PASADENA, March 11.—Settlement of court has been effected in the pending litigation concerning the estate of Mrs. Fannie Taylor of Long Beach. It is understood that Dr. W. C. Cundy of No. 285 South Menlo has received something under \$4000 as part of the proceeds.

Involved in this settlement is a peculiar story. More than two years ago Cundy happened to be spending the time at Long Beach, Mrs. Fannie Taylor, who was then suffering in a cancer of the face, was in great pain one night and called upon him for treatment. He applied a secret remedy composed of herbs. Mrs. Taylor was so overcome that she immediately asked him to give up his practice, take charge of her estate and her money. She agreed to make over to him this property so that it would be upon her death. In the spring of 1934 he stated to the court proceedings that Dr. Cundy accepted this contract. Subsequently when Mrs. Taylor died, Dr. Cundy vigorously demurred. In the course of the controversy, the three found a grandchild of Mrs. Taylor in the person of Rena Derry, who was proceeding to set aside the company's agreement to make over to him the property. He used undue influence upon her to make her sign the agreement. Matters were further complicated by the fact that the property was a trust deed, which either Cundy or Miss Derry had come to maturity. It is now announced that all of the property has been decided in favor of the doctor and the doctor receives about \$4000 for his compensation.

## SCHOOL BONDS CARRY.

With only 75 votes cast, the \$150,000 school bonds for this city carried yesterday by a handsome majority. The vote in favor of the bonds was 67, against them 116, with two blank ballots in the box. Proceedings will begin at the meeting of the City Council next Tuesday to issue these securities and realize upon them. The bonds bear 5 per cent annual interest. The following distribution of the funds was made:

For an eight-room addition to the Grant school, \$25,000.  
Northeast site and building, eight rooms, \$40,000.  
Northwest site and building or two buildings, \$40,000.  
Addition to Altadena school, \$20,000.  
Kindergartens at Madison, McKinley and Roosevelt schools and additional ground for same, and for Washington school and for new plumbing at Lincoln school and repairs to other buildings, \$15,000.  
Furnishing, insurance and margin for emergencies, \$12,000.

Rebuilding old Garfield school so that it can be used for manual training and domestic science, \$10,000.

CONDEMNED SCHOOL PLUMBING.

Determined and forceful is the letter of A. C. Shaver, City Building and Plumbing Inspector, to the school board, in which he condemns the plumbing of the High School and McKinley school as out of date and utterly unfit for school purposes. He says that the closets and lavatories are only ventilated by an underground brick duct which empties into the clovestack of the High School building. When the stack is heated by the furnace, the duct may be sufficient draft to carry off the gases. At night an ordinary gas jet is burned to create a draft through the duct. Inspector Shaver says that the bad odors are noticeable particularly at this time, and that these noxious fumes enter the main room, making them unsanitary for use during the day. He demands that this condition be remedied not only in the high but in the McKinley school as well, and that the school board may be compelled to use a portion of the bonds voted yesterday to repair these schools. If these money are not legally available, Shaver says, he will be secured otherwise, as Inspector Shaver says that he will not permit these buildings to be used again after the close of this school year unless improved.

## AMARANTHUS AND WORK.

Complete success marked the three-day convention of the Order of Amaranthus of this state, which closed its sessions yesterday. Berkeley has been selected as the meeting place for 1939. Last night Golden Crown Lodge of Pasadena tendered the delegates a reception, and tonight the delegates will be entertained by Los Angeles Court, No. 2, in that city, at Masonic Temple.

Benjamin E. Carwright of Alhambra, Past Grand Patron of this order, and Past Grand Patron of the Eastern Star, conducted the installation. The following officers were elected: Mrs. Carrie B. Slater of Pasadena, Grand Royal Matron; Clarence M. Hunt, San Francisco, Grand Patron; Grace Anderson of Los Angeles, Associate Grand Royal Matron; Dr. T. H. Woolson of Berkeley, Associate Grand Patron; Gertrude Wadleigh, Ventura, Grand Treasurer; Ella Williams, Pasadena, Grand Secretary; L. L. Barber, San Francisco, Grand Lecturer; Lottie Booth Woodward, San Diego, Grand Associate Conductress; Carrie L. Penney, Pasadena, Grand Lecturer; Elizabeth Knapp, Napa, Grand Marshal; Frances Elizabeth Boardman, Los Angeles, Grand Truth; Ruth Grace Butler, San Francisco, Grand Faith; Bertha Dunbar Monroe, San Francisco, Grand Wisdom; Elizabeth Ellen Heasler, San Francisco, Grand Charity; Jessie Shaffer Clark, Grand Herald; Ada Marsh Dalton, Oakland, Grand Marshal in the East; Fannie Mason Kenney, Del Rio, Grand Marshal in the West; Joseph B. Williams, Honey Lake, Grand Sentinel; Inez V. Porter, Pasadena, Grand Organist.

## EXERCISES TO SAVE WALSH.

Spouting in this city is W. J. Walsh, chief counsel for John R. Hynes, the Chicago banker, who was yesterday sentenced to five years' imprisonment in connection with cases brought against him as the manager of the Chicago National Bank. Mr. Hynes has been suffering greatly with a gripe, but is keeping in touch with the situation in Chicago by wire and letter. Last night he said:

"I am not surprised at the finding of the Chicago court in Mr. Walsh's case. In fact, I expected it. On receipt of news from Chicago I suggested to

Speaker at State Convention in Long Beach Admits That They May Be a "Means of Grace"—Would Destroy Attractiveness Found in Downtown Pool Hall.

LONG BEACH, March 12.—One hundred and ninety-three delegates to the State Y.M.C.A. Convention responded to roll call this morning. Chairman Wallace of the Nominating Committee reported the officers to serve through the convention, and the selection was promptly ratified. They are: Charles M. Campbell, Sacramento, president; A. L. Munger, Fresno; F. C. Yeomans, Long Beach; A. B. Benton, Los Angeles; George W. Martson, San Francisco; vice-presidents; F. A. Jackson, Berkeley; H. H. Hester, Long Beach; and G. S. Martin, Valley Secretary.

President Campbell announced the following committees: Business Men, H. J. McCoy, San Francisco; Fred Shover, Santa Barbara; W. H. Hale, Riverside; Resolutions, M. A. Hough, Redlands; Ward Eaterly, Berkeley; W. A. Stillwell, Santa Cruz; Reports, H. W. Hawes, Riverside; A. H. Horn, Oakland; John Fichter, Fresno; Auditing, G. W. Moulton, San Francisco; Finance, L. A. Douglas; Eaton T. Sams, Pasadena. Religious Meetings, W. H. Reedy, Oakland; A. F. Mitchell, Long Beach; E. H. Emesh, Los Angeles.

The Bible Study hour brought out a discussion of the question of pleasure and amusements allowable in the Y.M.C.A., with special reference to the use of pool and billiard tables in the association buildings. Dr. William Horace Day admitted that the pool table might be a "means of grace," and Secretary Luther of Los Angeles stated that twenty-three of twenty-five general secretaries in the United States had written to him, in response to queries, saying that billiard and pool tables were served in the auditoriums in the buildings, as games there would destroy what attractiveness might be put between Pasadena and Los Angeles on a regular schedule. Besides the company has agreed, beginning this morning, to run two trains of cars every day between Pasadena and Los Angeles. This is expected to relieve the present congestion of travel.

The most extensive and exquisite private collection of real hand-made Swiss lace work ever displayed to public view in the United States or elsewhere will be shown at the Y.M.C.A. Colorado St., Pasadena, for a week commencing Saturday morning, March 14, at nine o'clock. Admission 25c. Picture frames, wall paper and paint. Phelps for wall paper and paint.

## Close of Nomination Period in City of Redondo Finds Numerous Candidates.

REDONDO, March 12.—The expiration of the time within which candidates for municipal office at the coming election of April 13, which closed today, resulted in the following candidates in the field: For Trustees, J. L. Lechner, Will J. Hess, D. J. Barkley, H. E. Anderson, D. Smith and A. H. Rice; for City Clerk, C. O. Dempsey, C. J. Creller, A. M. Hester and J. Whomes; for City Treasurer, C. J. Kustner and J. H. Hester; for City Marshal, Lee Stanchfield, Joe Guthrie, Joseph Smith and Mel J. Moore. Of these, Alvin Anderson, president of the board, are the members of the present board of Trustees, whose terms will expire in one month. All candidates are nominally independent, there having been no caucus nominations. Alvin Anderson, president of the board, is the candidate of the conservatives, and Messrs. Barkley, Hess and Lechner, of the local reform element. The race is fair to state that the lines are not by any means closely drawn, and it is the prediction of many that each of the two combinations will elect one or more of its candidates.

Of the subordinate officials, Cate, as Treasurer and Stanchfield, as Marshal, are offering themselves as candidates for reelection to their respective positions. By the ordinance passed last Monday night the Marshal is to be ex-officio Tax Collector, but it is stated that this was unintentional on the part of the board, and that a new ordinance will be introduced at a special meeting of the board to correct this and other errors in the first ordinance. The new ordinance will continue the present arrangement by which the City Treasurer remains ex-officio Tax Collector.

The race for City Clerk is an interesting one, for the reason of the large number of candidates and the fact that all of them are more or less new in the political game. All are hard at work, and a lively time is expected during the next thirty days between now and the election.

## SURPRISE EXCURSION.

An interesting excursion was that planned yesterday from this city to Garvanza by Mrs. Arthur Anderson and her Redondo friends as a surprise for George W. Smith and Arthur Anderson, former residents here, but now residing at Garvanza. The party left Redondo on a car last evening. Following is a list of those who participated in the entertainment: Mr. and Mrs. J. G. Gillespie, Mr. and Mrs. J. H. Grant, Mr. and Mrs. P. S. Venable, Mr. and Mrs. M. W. Lorbeer, Mr. and Mrs. George Anderson, Mr. and Mrs. A. T. Anderson, Mr. and Mrs. C. W. Grant, Mr. and Mrs. T. B. Whiteside, Mrs. E. W. Long, Mrs. E. Heath, and Misses Dickson, Cox, Bender, Hester, W. P. Sprinkle and Gus Harter of Redondo, and Mr. and Mrs. Davies and Mr. Davies, Jr., of Los Angeles.

## REGARDING THOSE TIES.

The fact that the Norwegian steamer Aker goes to San Pedro with ties for the Santa Fe Railroad Company, instead of to Redondo, where the Santa Fe has ties and where it had caused considerable comment, which in a measure tends to the discredit of this company, the fact is that the railroad company has nothing whatever to do with the transportation of the ties, which form the cargo of the Aker. A contract was made for the delivery of the ties to the company on its line. In fact, it is said that delivery was to be at Redondo, under the contract, and it may be that the company's agents will refuse to receive the cargo at any other point. The contractors may be permitted to have the ties in the case of the cargo of the steamer Gryfvalde, to make delivery to the Aker. They may be accorded this privilege, a privilege that would be somewhat expensive, but it is not yet known.

## VOTE GETTERS ALIGNED.

## Close of Nomination Period in City of Redondo Finds Numerous Candidates.

REDONDO, March 12.—The expiration of the time within which candidates for municipal office at the coming election of April 13, which closed today, resulted in the following candidates in the field: For Trustees, J. L. Lechner, Will J. Hess, D. J. Barkley, H. E. Anderson, D. Smith and A. H. Rice; for City Clerk, C. O. Dempsey, C. J. Creller, A. M. Hester and J. Whomes; for City Treasurer, C. J. Kustner and J. H. Hester; for City Marshal, Lee Stanchfield, Joe Guthrie, Joseph Smith and Mel J. Moore. Of these, Alvin Anderson, president of the board, are the members of the present board of Trustees, whose terms will expire in one month. All candidates are nominally independent, there having been no caucus nominations. Alvin Anderson, president of the board, is the candidate of the conservatives, and Messrs. Barkley, Hess and Lechner, of the local reform element. The race is fair to state that the lines are not by any means closely drawn, and it is the prediction of many that each of the two combinations will elect one or more of its candidates.

Of the subordinate officials, Cate, as Treasurer and Stanchfield, as Marshal, are offering themselves as candidates for reelection to their respective positions. By the ordinance passed last Monday night the Marshal is to be ex-officio Tax Collector, but it is stated that this was unintentional on the part of the board, and that a new ordinance will be introduced at a special meeting of the board to correct this and other errors in the first ordinance. The new ordinance will continue the present arrangement by which the City Treasurer remains ex-officio Tax Collector.

The race for City Clerk is an interesting one, for the reason of the large number of candidates and the fact that all of them are more or less new in the political game. All are hard at work, and a lively time is expected during the next thirty days between now and the election.

## SURPRISE EXCURSION.

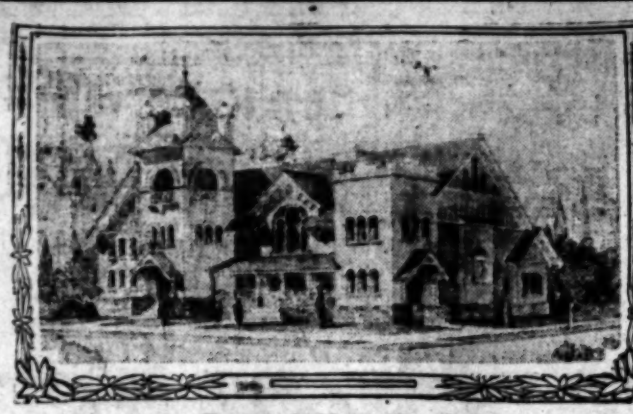

An interesting excursion was that planned yesterday from this city to Garvanza by Mrs. Arthur Anderson and her Redondo friends as a surprise for George W. Smith and Arthur Anderson, former residents here, but now residing at Garvanza. The party left Redondo on a car last evening. Following is a list of those who participated in the entertainment: Mr. and Mrs. J. G. Gillespie, Mr. and Mrs. J. H. Grant, Mr. and Mrs. P. S. Venable, Mr. and Mrs. M. W. Lorbeer, Mr. and Mrs. George Anderson, Mr. and Mrs. A. T. Anderson, Mr. and Mrs. C. W. Grant, Mr. and Mrs. T. B. Whiteside, Mrs. E. W. Long, Mrs. E. Heath, and Misses Dickson, Cox, Bender, Hester, W. P. Sprinkle and Gus Harter of Redondo, and Mr. and Mrs. Davies and Mr. Davies, Jr., of Los Angeles.

## REGARDING THOSE TIES.

The fact that the Norwegian steamer Aker goes to San Pedro with ties for the Santa Fe Railroad Company, instead of to Redondo, where the Santa Fe has ties and where it had caused considerable comment, which in a measure tends to the discredit of this company, the fact is that the railroad company has nothing whatever to do with the transportation of the ties, which form the cargo of the Aker. A contract was made for the delivery of the ties to the company on its line. In fact, it is said that delivery was to be at Redondo, under the contract, and it may be that the company's agents will refuse to receive the cargo at any other point. The contractors may be permitted to have the ties in the case of the cargo of the steamer Gryfvalde, to make delivery to the Aker. They may be accorded this privilege, a privilege that would be somewhat expensive, but it is not yet known.

## COVINA.

COVINA, March 12.—At a non-partisan caucus held this afternoon, in which leaders in all parties participated, the following municipal ticket was placed in the field: Trustee, E. H. Lahue, E. F. Warner, L. L. Ralston, City Clerk, A. M. Pence, City Marshal, T. A. McCormick; City Treasurer, W. M. Griswold, Dr. G. D. Jen-

## SEA MYSTERY.

ARCTIC MAN'S  
CORPSE ASHORE.SUCH IS INDICATION OF BODY AT  
SANTA MONICA.

Corpse With no Valuables in the Pockets Is Thought to Be That of Man Known Among Eagles in Los Angeles and Who Carried a Costly Watch—May Be Foul Play.

SANTA MONICA, March 12.—The tide of late afternoon deposited upon the beach near the foot of Montana avenue the body of a man, in whose pockets were cards going to show that he was Eugene Sperry, late of Nome, Alaska. A return ticket to Los Angeles by way of the Los Angeles-Pacific electric line bore date of March 12, 1937. In his pocket was his membership card in the Nome circle of Eagles, lodge No. 75, showing that his dues had been paid on June 12, 1937, to November 1, 1937. He carried also a clearance certificate, showing membership in the Arctic Carried, he having joined the Nome circle on June 12, 1937. There were a few trinkets in his pockets, but no watch or money or letters.

The appearance of the body indicates that death had resulted from drowning, although the cause of death is not yet known. The body was found at the foot of Montana avenue, near the foot of Montana avenue, and was found by a man who was walking along the beach. The body was found at the foot of Montana avenue, near the foot of Montana avenue, and was found by a man who was walking along the beach.

Information was received by the Coroner's office tonight to the effect that Sperry, as he was known among the Eagles in Los Angeles, had a valuable watch, and was supposed to be a man of means. The Coroner will have a hurry inquiry tomorrow, and will have an autopsy performed to determine if there be any further indications of foul play.

SANTA MONICA NOTES.

Santa Monicans have entered upon the task of raising a fund of \$40,000 for investment in the capital stock of the Luffweller Pump and Motor Co., in an effort to secure the location here of the factory of that company. The first \$1000 of this fund has been pledged, and with this start a canvass of the city will be made.

The Hollywood High School basketball team will contest this afternoon at the local High School. The Southern Pacific Park will be the scene of the contest.

## VENICE.

VENICE, March 12.—Beginning with next Sunday the Venice of America Italian Band, under the leadership of Dante Forcellini, will begin its summer engagement at the beach. There will be afternoon and evening concerts every Sunday for the present, and as soon as the season is a little farther advanced there will be concerts each day. The ship Cabrito is being placed in readiness for formal opening April 1. Building operations are active, and the Venice of America is well advanced.

Miss Nellie Irwin is preparing to leave for Portland, Ore., where she will take a position as assistant in the office of the Internal Revenue collector. Mrs. C. W. Devey is spending some time by the sea. Her home is in Minneapolis.

## OCEAN PARK.

OCEAN PARK, March 12.—For the purpose of cooperating with the Sunday Best League of Southern California in securing the proper observance of the day of rest, the several churches of this beach are busy with the permanent organization of a branch of the main league. Plans for an active campaign are being mapped out and the work will be pushed along the lines laid down by the State organization.

The funeral of Harold, the 6-year-old son of Rev. and Mrs. C. C. Bentley was conducted at the residence this afternoon.

Word has reached his family here that the condition of A. F. Webster shows much improvement. He went East several weeks ago and recently returned. Plans for an active campaign are being mapped out and the work will be pushed along the lines laid down by the State organization.

PHYSICIAN.

Sunday evening at Mammoth Hall this wonderful man again electrified his audience by causing T. J. Howell, 1002 South Olive street, to hear a whisper. Mr. Howell, as the result of a concussion, has a punctured drum and has not heard a sound since November 8th last; one treatment and he could hear a whisper. Frederick H. Rogers, a well-known photographer of 1107 West 11th st., had not heard a word in his right ear for sixty years. One treatment and he could hear a whisper. All chronic cases guaranteed a cure if taken. As it was with these, so may it be with you. No charge during this month save cost of medicine. To those holding our card no fee charged for examination or consultation, others \$1.00.
